

uniun seating & planters

Encouraging social use of spaces

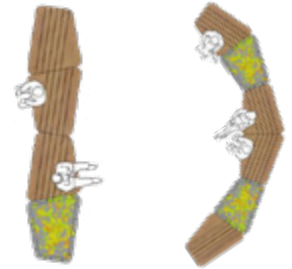

Valley Provincial has partnered with leading street furniture designers and manufacturers Furnitubes to offer their Uniun modular seating and planting range.

Uniun is a unique design concept by Furnitubes which combines a clever trapezoidal planter module with integrated hardwood seating options, and offers incredible versatility for blending nature with functionality.

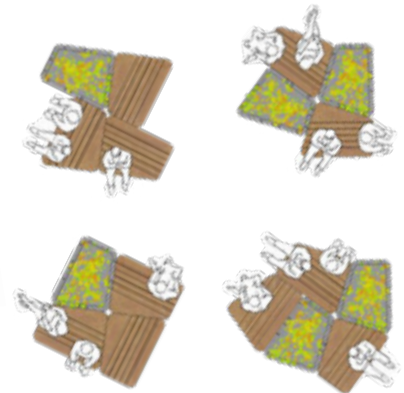

Uniun enables green collaboration spaces, breakout areas and growing gardens to be created in virtually any outdoor space.

- ▶ Modular system with multiple configuration options
- ▶ Installed complete with soil and plants
- ▶ Freestanding or bolt-down options
- ▶ Hardwood seating from renewable sources
- ▶ Manufactured in the UK
